Testimonial

After **Air Transport Training College** achieved the EduTrust (Provisional) award in December 2010, we appointed Educert Pte Ltd as our Consultant to prepare us with the objective of the attainment of a full 4 years EduTrust certification at the next renewal assessment exercise.

Mr John Ooi and the Educert team understand the requirements of EduTrust very well. They were at the same time realistic and pragmatic. They gave very useful and practical guidance and advice, which benefitted the College significantly. This results in the College's attainment of the full 4 years EduTrust award conferred by the Council for Private Education (CPE) with effect from 28 December 2011.

Poon Chia Wee
Managing Director
