Re: Testimonial for Mr John Ooi

The school appointed Mr. John Ooi in 2013 and 2014 to assist us in the preparation for EduTrust renewal. In the first year, John acted as a consultant over a number of months and provided advice and guidance in respect of all of our policies and practices. On the second occasion, John managed our internal assessment process, providing an independent appraisal of the extent to which the school met the EduTrust criteria.

John has a good understanding of EduTrust and its requirements. He provided an independent view which has helped us as a foreign system school in organizing our systems and processes to meet the EduTrust requirements. His consultancy has certainly played a part in our achievement of the 4-year EduTrust certification. We would welcome the opportunity to work with John again in the future.

Dr. Stuart Martin
Principal
